Child Find

Child Find is a public Awareness activity to locate, evaluate and identify children ages 3 through 21 years of age who may have disabilities defined under the Individuals with Disabilities Education Act (IDEA). A child with a disability means a child evaluated and determined eligible for special education and related services in accordance with IDEA under the following categories:

Choctaw Nicoma Park School District is responsible for locating, evaluating and identifying children with disabilities who live within the district boundaries. Eligible children with disabilities beginning at age three (3), who are a resident of the Choctaw Nicoma Park School District, have a right to a Free Appropriate Public Education (FAPE) as mandated by the Individuals with Disabilities Education Act (IDEA). The specific special education and related services for eligible children ages 3-21 will be determined by the Individualized Education Program (IEP) team members based on that particular child’s unique needs.

If your child is already enrolled and is attending one of the Choctaw Nicoma Park School District’s sites, then talk to your child’s teacher or school counselor about your concerns regarding your child’s development, or that you suspect your child may have a disability.
